

## **Functional/Technical Release Notes Academic Data Mart 1.3 Enhancements**

### **Modifications**

The Academic Data Mart Release 1.3 includes the following:

- Next Generation Accuplacer Test (new)
- High Impact Practice Course Section Attributes (new)
- Study Abroad Course Section Attributes (new)
-

## FUNCTIONAL NOTES:

For details and testing scenarios for each topic, refer to the ADC Test Plan 1.3 available on [https://www.usg.edu/georgia\\_best/application\\_development\\_and\\_support/data\\_collections](https://www.usg.edu/georgia_best/application_development_and_support/data_collections)

- **Next Generation Accuplacer Test**

Beginning January 28, 2019, the classic Accuplacer tests will no longer be available. The Next Generation Accuplacer Quantitative Reasoning, Algebra & Statistics test will replace the Accuplacer Elementary Algebra test. The Next Generation Accuplacer Reading test will replace the Accuplacer Reading Comprehension test. New test codes for the Next Generation Accuplacer tests will be collected.

For more information regarding setting up and maintaining Next Generation Accuplacer test codes, refer to the Business Practice entitled Next Generation Accuplacer Test Scores Business Practice located at

[https://www.usg.edu/georgia\\_best/application\\_development\\_and\\_support/business\\_processes](https://www.usg.edu/georgia_best/application_development_and_support/business_processes). . BH(i)2.6 ((i)2.
